Meet your presenter

Dr Evan Shellshear
Biarri Optimisation

Dr Evan Shellshear is the Head of Analytics at Biarri, a world-leading mathematical and predictive modelling company, and an expert in artificial intelligence with a PhD in Game Theory from the Nobel Prize winning University of Bielefeld in Germany.

He has many years of international experience in the development and design of AI tools for a variety of industries having worked with Australia's top companies on all aspects of advanced analytical solutions. He is also the author of a number of books including the best-selling book on Amazon, Innovation Tools.

This presentation will look at the confluence of mathematics, art and creativity and how they work in unison together. Discover how STEAM can work hand in hand bringing out the best of mathematics in seemingly unrelated fields. It will demonstrate some of the cutting edge applications of mathematics and AI.
