Closing Address
Joel Speranza

Meet your presenter

Paul Bowyer

Paul Bowyer is a creative and innovative Mathematics teacher and tutor who has been educating students of all ages for seven years. He teaches mathematics by making connections to the real world and to the world of the student.

Paul is also the creator of the Mathematicalendar, a calendar that connects Mathematical ideas to the real world. Paul has been a presenter at several conferences and is a passionate advocate of Maths as the Language of the Universe.

Audience

- Primary
- Junior Secondary
- Senior Secondary
- Tertiary

Presentation mode

Using the Date to Teach Maths

Every teacher writes the date on their whiteboard. But have you considered the mathematical possibilities? They're endless!

This presentation will highlight ways of using the date to engage and delight your students, with topics from ranging from Arithmetic to Algebra, and from Fractions to Functions.

Its fun, engaging, and creative.
The possibilities are endless.
