face to face
and virtual
conference
that has it
all!

Keynote Speakers

Opening Keynote
Professor Merrilyn Goos
University of Limerick

Bill Simpson Plenary
Closing Address
Joel Speranza

Meet your presenter

Vivian Lui

Vivian Lui has recently returned to the classroom from positions at The University of Queensland (UQ) and Queensland Curriculum and Assessment Authority. She is interested in sharing her passion for Mathematics with students and teachers. During her time at UQ, Vivian has collaboratively developed a suite of maths workshops with Dr. Adam Piggott from Australian National University which aims to provide mathematically rich, and 'low-floor, high-ceiling' opportunities for students of all abilities to engage with.

Spot it!

Spot it! is a fun card game, with symbols on each card. Players turn over two cards at a time, and spot the matching symbol. There is always exactly one match between any two cards. How does this work? We will show you how to make your own deck using symbols of your choice and challenge your understanding of what makes a task mathematical.

Audience

- Junior Secondary
