

## Prep- Year 2 Questions: 100 steps

Your job is to find places that you can reach using 100 steps and show them on a simple map.

1. Choose a place near your classroom or bedroom as your starting point and take 100 steps.
2. Questions:
  - Where did you start and finish?
  - What other places were you able to reach in 100 steps?
  - Describe the path you took.
3. Draw a simple map to show how far 100 steps took you. Label all important places.
4. **To enter:** Scan and email your entry to [gamt@gamt.qld.edu.au](mailto:gamt@gamt.qld.edu.au) (ask your teacher to help you)

### Judging criteria:

- Were all questions answered
- Map included starting and finishing points
- More than one finishing point identified
- Path detailed (turns etc.)

Included other landmarks (i.e. labels of objects passed such as a tree, play equipment, the door)
