

QAMT State Conference 2022 Looking Forward, Looking Back

Queensland Association of Mathematics Teachers

Celebrating 100 Years

Be a part of QAMT's centenary celebrations looking forward and looking back on mathematics education in the past and into the future. Hear from longtime QAMT member Bill Simpson on what has changed - but what is still the same - and discover what Simon Singh think the future holds. Join remotely or in-person and access masterclasses, workshops and panels on topics and issues that are affecting your classroom today and in the future.
